

## REMARKS

This is intended as a full and complete response to the Office Action dated November 28, 2007, having a shortened statutory period for response set to expire on January 28, 2008. Claims 1, 6-15 and 19-24 are allowed. Claims 4 and 5 have been amended to change their dependencies. Claim 7 has been amended to correct a typographical error. The specification has been amended to add the related application information. No new matter has been added by the amendments made herein. The amendments have been made to place the application in condition for allowance. Please reconsider the claims pending in the application for reasons discussed below.

The Examiner has indicated that the specification refers to related applications by attorney docket numbers without US Patent Application and Patent Numbers. In a telephone conference on January 28, 2008, the Examiner clarified that the information requested is the related application information on the first paragraph of the specification. Accordingly, the specification has been amended to provide such information.

Claims 1, 6-15 and 19-24 are allowed. Applicants thank the Examiner for allowing these claims.

Claims 4 and 5 are objected for depending on cancelled claims. Claims 4 and 5 have been amended to depend from claim 1. Accordingly, claims 4 and 5 are believed to be in condition for allowance.

Having addressed all issues set out in the office action, Applicants respectfully submit that the claims are in condition for allowance and respectfully request that the claims be allowed.

Respectfully submitted,
